

Open Security Controls Assessment Language (OSCAL)

Model Engineering Meeting

National Institute of Standards and Technology

OSCAL Model Engineering Meeting

Purpose:

- Facilitate an open, ongoing dialog with the OSCAL developer and user communities to promote increased use of the OSCAL models

Goals:

- Provide up-to-date status of the OSCAL project development activities
- Answer questions about implementing and using the OSCAL models, and around development of OSCAL model-based content
- Review development priorities and adjust priorities based on community input
- Help the OSCAL community identify development needs

Teleconference Overview

- Ground Rules
- OSCAL Status Summary (5 minutes)
- Question and Answer / Discussion
 - Submitted questions will be discussed
 - The floor will be open for new questions and live discussion

Ground Rules

- Keep the discussion respectful
 - Using welcoming and inclusive language
 - Being respectful of differing viewpoints and experiences
 - Gracefully accepting constructive criticism
 - Focusing on what is best for the community
 - Wait for one speaker to finish before speaking - one speaker at a time
- Speak from your own experience instead of generalizing ("I" instead of "they," "we," and "you").
- Do not be afraid to respectfully challenge one another by asking questions -- focus on ideas.
- The goal is not to always to agree -- it is to gain a deeper understanding.

Review of Current/Completed Work

On GitHub: <https://github.com/orgs/usnistgov/projects/25/views/2>

- Current sprint
- Next month's sprint
- Backlog (new and existing issues not in sprint)

Help Needed

- Please review pull requests and comment on issues you are interested in.
- Need more model review: schemas, documentation gaps, etc.
- Let us know about your experiences implementing OSCAL
- Identify cookbook recipes/tutorial priorities

7

Open Floor

What would you like to discuss?

What questions do you have?

Should we be covering anything differently?

Thank you
